BEGINNING OF A MOVEMENT TO ELE-VATE AND REFINE THE PUPILS.

THE WOMAN'S CLUB ACTIVE IN THE WORK-SCHOOLS IN THE POORER PARTS OF THE CITY TO RECEIVE ATTENTION-AN INTEREST-

ING PROGRAMME AT NO. 30 TO-DAY-PICTURES TO HAUS-

TRATE STUDIES.

A new movement in the direction of improving the schools of Brooklyn and bringing them nearer to the ideal conditions will be inaugurated to-day at School No. 20, on Wolcott-st., near Van Brunt. It is a movement which originated with the Brooklyn Woman's Club, and under their auspices

the start will be made to-day.

It has long been the idea of some of the public spirited women of Brooklyn that the schools in the poorer districts of the city should receive more atention, instead of less, than the schools in the better localities. The idea of bringing refining and elevating influences into the lives of the children in these schools by a gradual and almost insensiculcation of love for the beautiful resulted a short time ago in the determination of some of the members of the Woman's Club to introduce an element of beauty into these schools, and to begin by devoting their energies to one particular school. The Art Committee of the club reported in favor of selecting some school for the experiment; and proceeding to beautify it with pictures of the best Nothing cheap or tawdry was to be placed school, but only really beautiful reproducilons of the best pictures obtainable. Mrs. M. E. Jacobs, who was second vice-president of the club, is one of the members of the Board of Education, and as such is chairman of the Local Committee School No. 30. She is also on the local committees of a number of other schools, but her mowledge of the different schools led her to recommend No. 36 as the best place in which to begin

the trial of the experiment. No. 30 was accordingly agreed upon, and the clut set to work. Money was contributed with which twenty-three handsome etchings, engravings and photographs were purchased. During the latter art of last week the school was a scene of pleasurable excitement, and the teachers say that they have never known the children to be so deeply in-The pictures are all hung, and to-day will be presented to the school.

The graduating exercises of the school will be eld to-day, and Principal Thomas D. Murphy and his teachers have been busily engaged in arranging the most attractive programme possible. will be a noteworthy day in the school's history, or a number of visitors from the Woman's Club, the Board of Education, and other organizations will be present to inspect the pictures.

In addition to the twenty-three pictures obtained

the Woman's Club, Henry W. Maxwell, who has become interested in the experiment, has presented a number, and others have been rece om other sources, bringing the total up to about In some of the schoolrooms the picture have a bearing upon the subjects of study. In one class, where Scott's "Lady of the Lake" is being studied in the course on literature, there is an etching of "Loch Katrine." The pictures obtained so far are only a beginning, and others will speed-ily be added. It is intended to have pictures representing events in American history placed in the classes where history is being studied.

Mrs. Jacobs has arranged with the music-teacher of the school, Mrs. Thompson, to have the children taught songs which will illustrate the pictures and the course of study, or at least have some relation to them, as far as possible. For example, Scottish ballads will be introduced in the class where

tish ballads will be introduced in the assessment of the school will be placed.

Among those who will be placed.

Among those who will be at the school will be Mrs. Truman J. Backus, Mrs. Jacobs, Mrs. Harlanna W. Chapman, president of the Woman's Club: William H. Maxwell, Superintendent of Public Instruction; Colonel John Y. Cuyler, Dr. John Harrigan, Superintendent of Construction Naugh-

Club: William H. Maxwell, Superintendent of Fubic Instruction; Colonel John Y. Cuyler, Dr. John Harrigan, Superintendent of Construction Naughten, Chief Clerk Plits, of the Department of Public Construction, and a number of others, among whom will be many prominent members of the Woman's Club.

The pictures so far secured include reproductions of the "Sistine Madonna" and of Raphael's "Madonna of the Chair"; Murillo's "St. John," "The Parthenon," "The Pantheon," "The Roman Forum," "The Church at Amiens," reproductions of some of the works of Corot and Greuze: "The Shepherfaess" of Millais, "The Arc de Triomphe in Paris," an india-proof engraving of the "Parting of Hector and Andromeda," a photograph of Goethe, a photograph of Queen Louisa, an engraving of Eton; Rosa Bonheur's "Change of Pasture," an engraving of Boughton's "Return of the Mayflower," and many others. There are about twenty pictures for the Primary Department. In both an engraving of Boughton's "Return of the Mayflower," and many others. There are about twenty
pictures for the Primary Department. In both
departments are fine pictures of Washington, and
in the Grammar Department a picture of Lincoln.

Mrs. Jacobs, whose ambition it is to make this
and other schools in the poorer districts among the
best in the city, says that Superintendent of Construction Naughton has been of the greatest assistance in improving the condition of the building
and has co-operated with those interested in the
work in a most obliging and efficient manner.

## MME. CARRENO'S PROGRAMME.

SHE WILL HAVE NO AID AT HER COMING RE-

CITAL-OTHER INSTITUTE AFFAIRS. The programme of the piano recital to be given by Mme. Teresa Carreño in the Academy of Music on Thursday evening, March 11, has been announced by the Brooklyn Institute. So kindly was the welcome which she received at the Philharmonic concert last Friday evening that it is expected the Academy will be crowded for her recital, which will be something unusual for such a form of entertainment. Mme. Carreño will occupy the entire evening with her programme. At the other recitals, the pianists have been assisted by another soloist. Her programme is a varied and attractive

one, as will be seen by the following: (a) Fantaisie—Chromatique and Fugue Bach

(b) Sonata—C sharp, minor, Op. 27, No. 2. Beethoven
Adaglo, Allegretio, Allegre Molto,

(a) Two preludes—B flat, G flat,

Next Saturday evening in Association Hall, at Bend and Fulton sts., will be begun a series of four dramatic readings by S. H. Clark, of the Chicago University, from Shakespeare, Tennyson, George Ellot, Longfellow and Eugene Fleld. These readings have been arranged to succeed the course which George Riedle has just finished. Mr. Clark read last year before the members of the Institute and attracted large audiences. His first reading next Saturday evening will be George Ellot's tragedy, "The Spanish Gypsy." The other readings will follow on succeeding Saturday evenings. Mr. Clark is also to conduct a special course of Instruction in the teaching of reading. There will be seven lessons given on Saturday mornings at 10:30 o'clock and on Monday afternoons at 4 o'clock, in the art rooms. The lessons will begin next Saturday. The object of the course will be to present a scientific and practical basis for the teaching of reading. It is primarily intended for teachers in public and private schools, but the principles to be elucidated are applicable in all institutions where reading aloud is taught.

THE DEMOCRATIC GENERAL COMMITTEE A MACHINE BODY.

DISSENSIONS IN THE REGULAR RANKS CALL FOR ATTENTION, AND THE INDEPENDENTS ARE NOT WORRIED OVER THE HAR-MONY QUESTION.

If any doubt ever existed as to the sincerity of Kings County's machine Democrats in their pro-fessed attempt to restore harmony among all Brooklyn Democrats, it was completely cleared up at the meeting on Saturday evening of the mittee appointed to re-enroll the party. Saturday night's meeting proved that the only desire the machine has is to unite the factions within the machine organization, and that no serious attempt made at the present time to join forces with the independents led by Edward M. Shepard. Chairman James D. Bell's ruling that, as the General Committee had authorized the formation of the Committee on Re-enrolment, all the members of the Committee on Re-enrolment must be mempers of the General Committee now appears to have been a convenient pretext for leaving the Shepardites out of the deal entirely. Of the thirty-two blooded machine partisan, and when it organized chose as its chairman Bernard J. York, Hugh McLaughlin's chief lieutenant. The general scheme of reorganization and re-enrolment was dictated by Mr. York and James Shevlin, another of "Boss" McLaughlin's first lieutenants.

Great anxiety was expressed over the settlement of a machine quarrel of long standing in the Tenth Ward, and a harmony scheme which has received the approval of McLaughlin, York and was presented. Not the first word was said about the big chasm between the regulars and the ndependents. Of course, this is all because Mr. Spepard will not allow himself to be trapped, and not because the regulars would decline to capture him if he should manifest a willingness to. caught. As soon as the Tenth Ward tangle is straightened out, the Twenty-third Ward will demand the attention of the pacificators. Two rival clubs are fighting each other there with energy which bodes ill for any person who attempts to play the part of a peacemaker between them.

While the regulars are busy restoring harmony among themselves, the Shepardites are staying in the background and watching developments. They are having a quiet laugh over the antics of the machine men and waiting until they see something more attractive in the bargain line before they seil out their own establishment. thing more attractive in the barga they sell out their own establishment

#### A ROUND-UP OF SCORCHERS.

The first crop of scorchers for the year 1897 was gathered in yesterday by Policeman Robert Beden, of the Parkville police station. While on duty on the Cycle Path, Beden made a round-up of five overenergetic wheelmen, which will give him a good record with his superior officers for some serve as a good lesson to scores of would-be racers victims were Joseph Caccaways, of No. 226 Fifty-fifth-st.; Robert Sneider, jr., of No. 244 Penn-Robert B. HOT CHASE FOR A HORSETHIEF.

TULLY'S STOLEN HORSE WAS FAST, BUT THE TELEPHONE BEAT HIM EASILY.

The value of the telephone as an adjunct to the police system was demonstrated in Jersey City yesterday. Dr. Thomas C. O'Callahan left his horse, a speedy trotter, hitched to a buggy in front of his office, at Second and Eric sts., a few minutes before 9 o'clock yesterday morning. James one of a band of thieves known as the "Red Tiger Gang," jumped into the buggy and drove rapidly up Erie-st. Policeman Feehan was on duty at Tenth-st., and noticing that the horse was being recklessly driven decided to stop the was being recklessly driven decided to stop the driver and warn him. When he saw that the occupant of the buggy was Tully the policeman was convinced that he had stolen the turnout, and commanded him to halt. Tully lashed the horse and drove up Erie-st, to Twelfth-st., followed by the policeman and a large crowd of citizens, who were returning from or going to mass at St. Michael's Roman Catholic Church Tully turned into Twelfth-st., and then into Jersey-ave. The wily thief, on reaching Hamilton Park, instead of turning to right or left, as the street was crowded with people, drove through the wide pathway for pedestrians in the park around the fountain and into Jersey-ave. The spirited horse showed no signs of fatigue and kept up its four-minute gait, and the pursuers were left behind.

Tully turned into Eighth-st. and disappeared. Policeman Feehan ran to the police signal box and informed Sergeant Harrington, who was on duty at the Second Precinct. The sergeant informed Police Headquarters by telephone, and a general alarm was sent out, with a description of the horse, buggy and thief. Policeman Maguire, of the Third Precinct, who was on duty on the west slope of the Heights, near the city line, received word through his signal box. A few minutes later the stolen turnout appeared. The horse, which had been driven hard for six or seven miles, was stred and was easily stopped by Maguire, who arrested Tully. The prisoner said that the horse was astray and he merely jumped in the wagon to a rester the stolen turnout appeared. driver and warn him. When he saw that the

#### RUSIE'S CASE IN COURT.

THE NEW-YORK BASEBALL CLUB CONTENDS THAT HIS SUIT WAS IMPROPERLY BROUGHT.

Trenton, Feb. 28 (Special).-The case of Amos Ruste against the New-York Baseball Club will come up in the United States Circuit Court to-morrow. Rusie's bill prays for his release from his agreement with the National Exhibition Company, which was made in 1895.

Rusie asks that the agreement be declared void and that an injunction issue restraining the Exhibition Company from preventing him from playing heal with any other club. The National Exhibition Company, through James Buchanan, its attorney, has demurred to Rusie's bill on legal grounds. It contends that, since Rusie's bill shows that the other eleven National League teams were parties to the National agreement, under which the New-York club holds the pitcher, they, too, should have been made parties to the suit. Should the court sustain the demurrer Rusie will have to file a new bill, making the levieve clubs defendants, and if it is overruled the National Exhibition Company will file an answer to Rusie's bill, and testimony will the taken. In any event, it is not likely that a decision will be reached much before the close of the baseball season of 1897. Rusic asks that the agreement be declared void

last evening. Most of the property of the club stored in the house was burned, including one shell, rigging, clothing and furniture. The loss is about 5,000.

Several members of the club were in the house or near it at the time the fire started. The club-house of the Triton Boat Club is close by, but was not injured. On Saturday night the Passaic Club, which is the oldest on the river, held its annual dinner. All the clubhouses on the Passaic are closed during the winter, and are seldom visited by members. Late yesterday a number of members went to the house and built a fire in a stove on the second floor, and went out on the float. Soon afterward they found the house on fire, and succeeded in saving about twenty-four boats, only one being burned. A fine plano was also destroyed. The loss is partly covered by insurance.

## SHOOTING AT LAKEWOOD.

Lakewood, Feb. 28 (Special).-The third of the series of weekly contests at the traps of the Ocean County Hunt and Country Club took place Saturday morning, the wing shots present being Dwight Miller Harris, Chauncey F, Kerr and Dr. W. Gill Wylle. A stiff breeze added to the glare from the light fall of snow Friday night, which covered the ground, made clean shooting very difficult. As a rule, however, the gunners were equal to the occasion, only a few hummers escaping death, and the sport was of a high order. The first contest was a match at twenty-five birds

between Wylle and Harris, the latter allowing his opponent one bird and two yards handicap, Harris opponent one bird and two yards and Wylle shot at stood at twenty-nine yards and Wylle shot at twenty-seven yards' rise. After a close struggle twenty-seven yards' rise. After a close struggle Harris won by one bird, several clever second-batrels being included in his score. The trio mentioned then shot at ten birds for a sweepstakes, loser to pay for the birds. Harris toed the twenty-eight-yard mark, the other two standing at the twenty-six-yard limit. Harris also gave them one miss as a kill, but had no difficulty in again demonstrating his ability and superiority. Kerr beat Wylle, who settled for the pigeons. Another sweepstakes at ten birds followed, all shooting from the same limit as in the last maten, and Harris allowing them two misses as kills. The shooting was keen till almost the last round, when Kerr puled out a winner. Wylle was defeated by Harris, and had to settle for the bluerocks again. The last match was at ten birds, under similar conditions. Wylle winning. Kerr and Harris were on equal terms, however, but after shooting four more birds Kerr missed and Harris killed, Kerr thus paying for the fun.

FIFTY YEARS OF CHURCH LIFE.

CALVARY BAPTIST CHURCH CELEBRATES ITS SEMI-CENTENNIAL.

Calvary Baptist Church celebrated its semi-centennial anniversary yesterday, and special services were held in the morning, afternoon and evening. At each of the services the church was thronged. The anniversary services began on Friday last, when thanksgiving and memorial services were held. The principal service of the feast, however, was the celebration yesterday. The Rev. Dr. Robert S. Mac-Arthur, the pastor, conducted the Sunday morning service, assisted by Thomas J. Morgan and the Rev. Dr. John B. Calvert.

The afternoon service was conducted by Dr. Wen dell C. Phillips, at which L. A. Gould gave a brief history of the Sunday-school and William M. Isaacs C. Aldrich made appropriate remarks. The Rev. Dr. MacArthur presided later at

ening service, when the Rev. Dr. George Dana Boardman, of Philadelphia, and the Rev. Dr. Thea-L. Cuyler, of Brooklyn, spoke.

The principal address of the day's celebration was that given by Dr. MacArthur. His was a historical sermon dealing with the Baptist movement in this country. The speaker pointed out that when Calvary Baptist Church was organized in 1847 the population of the United States was 20,000,000 of souls and of this number 660,000 were Baptists in one ser another. To-day, with a population of 67,000,000, the States hold 4,000,000 of confessed Baptists in communion with the Church, and those adherents who are not regular members of any church and yet profess the faith swell the numbers up to between 12,000,000 and 15,000,000.
"The world is waxing better day by day," he said,

"The world is waxing better day by day," he said, "not worse. There never was a time when it was a better world to live in and he saved in."

Dr. MacArthur said that the moral instincts of the people were of a higher standard to-day, owing to the work of the churches, than they were fifty years ago. "Fifty years ago." said the speaker, "colleges and churches were endowed by lotteries, and I can cite one instance where a college president, a doctor of divinity, endowed \$200,000 on a certain college which was made in a lottery and made \$600,000 for himself.

which was made in a second second with the Moster, "Let no one's heart fall him," said the Doctor, "because of the recent discussion as to the Bible. God will take care of His Book."

The Calvary Baptist Church was founded as "The Hope Chapel Baptist Church" on February 28, 1847.

Dr. MacArthur has been the pastor since May 15, 1879.

It is just this sort of dealing that the market vestors appears to be gradually returning to its all-important place in the real estate field, and men of moderate means and incomes are again carefully placing a few thousand dollars here and there in improved realty. In some sections of the city, notably on the West Side in some of the most destrable residence districts, modern dwellings, mortgaged for 60 and in many cases 75 per cent of their values, can be had on easy terms, and, even with rents \$ low as they are, people looking for vestigate, have found that they can buy on much more favorable terms than they can rent dwellings. Moreover, it is altogether improbable that the present rates of interest on first mortgage investments in first-class realty can be maintained. A general drop of one-half per cent would prove of vast benefit to the real estate market, and, with the vast amount of capital now lying idle, lowering of present rates appears to be merely a matter of time.

matter of time.

Some of the most important of last week's dealings are as follows:

Henry D. Wirans & May sold No. 22 East Fifty-seventh-st., a handsome four-story high-stoop brownstone private dwelling, with a two-story extension, on a plot 27x9x105, for the estate of Isaac Bernheimer, to a client on private terms. The property was offered at \$150,000.

Henry D. Winans & May have also sold for A. B. Douglas on private terms to a Mr. Palmer the four-story brownstone private dwelling at No. 7 East Eighty-first-st., on a plot 20x00x105 feet.

The same brokers also sold Nos. 439, 441 and 443 First-ave., at the corner of Twenty-sixth-st., three five-story double tenement-houses, on a plot about 79x15 feet, for about 480,000. The plot directly on the corner, No. 445, was purchased by William H. Lottger in June, 1892, for \$25,125. The same firm also acted as brokers in the sale by Charles I. Hudson of No. 35 West Fifty-second-st. to one of the Rhinelanders for about 380,000.

David Stewart has sold for Mrs. Barteid to Ferdinand Forsch a p.ot, 50x98.11, on the south side of One-hundred-and-fifteth-st., 209 feet west of Amsterdam-ave., also, for Jacob D.
